Emotions and . . .

Moods Diversified; Time Transformed; . . .

As time goes by, things change. Changes may occur half way around the world or right here at San Marino High School.

Teachers may come and go; new buildings may be constructed. For example, this year's new lockers resulted from the addition of over 300 new students.

Although changes usually occur over a long period of time, many changes take place every minute, hour, and day. Things such as the marquee and bulletin board are changed frequently.

Emotions also change. School affects peoples' emotions, one way or another. One may walk into class in a terrific mood and receive yesterday's test and walk out of

class miserable.

Changes have taken place in all aspects of San Marino High School life: new teachers, buildings; emotional and physical changes. As long as there is life, there is change. All things are in the process of evolving; all things are in flux.

First Came Work, Then Came Pleasure for Many Students at. . .

It's Friday, 2:55 p.m. and the bell rings signalling the end of another school week. Some people will go home to start on week end homework assignments. Others who either don't have any homework or just don't want to do it, enjoy such after school activities as skateboarding, biking, surfing or skiing (that is if the weather permits).

San Marino High School students find enjoyment in many pastimes from "hot dogging" it on the ski slopes to "hanging ten" at the beach. Both skateboarding and bicycling have become very popular around San Marino.

Other students aren't as fortunate, though. They must face the task of going to work. Students work in sandwich shops, restaurants, bakeries, grocery stores, gas stations, and hospitals, just to name a few of the occupations students have.

Yosemite Proved to Be an Educationally Valuable Experience

It started on a cold, November morning. 250 or more students had started a line that stretched from Mr. Rankin's office and down the hall. People huddled in blankets and sleeping bags and sipped hot chocolate and coffee. The doors to the Main Office opened, and people pushed and shoved, hoping to get a spot on the list to Yosemite. According to Mr. Rankin, it was the fifth year of Yosemite, and from the response, it was a great success.

Those who were lucky enough to go, faced the task of acquiring such articles as "Sno-Seal," "moleskin," and thermal underwear.

In March, people gathered in the Central Parking Lot and boarded the awaiting buses. Their destination was filled with lakes, waterfalls, huge trees and clean air.

After arriving, the keys to the WOB's (With Out Baths) and meal tickets were handed out. People searched for their cabins, and after putting away their belongings, explored the surrounding scenery.

The next five days were spent on hikes to the Upper Falls, examining insects, cross-country skiing and snow shoeing, just to name a few of the various activities.

The food—well, it was food, and by the end of the day everyone was so hungry and tired that even the food from Crane Flats tasted good.

The last night was a special night. People sang and read poetry. One student expressed her feelings that night by saying, "I really am going to miss everyone."

Hard Work Paid Off in the End

San Marino High School offers a variety of classes to entice students' interest. Biology, foreign languages, homemaking, Stage Crew, T.V. Production, and Off-Campus P.E. are just a few of the classes open to students.

Bachelor Survival proved to be a very popular class this past year. In that class junior and senior guys learned how to cook, sew, and keep a clean house.

The Drama Department also has a very desirable program. Many students try their hand at acting. Some people even go on to star in the plays presented here. Among the plays presented were the DIARY OF ANNE FRANK and PAJAMA GAME.

The English Department has, for the second year, expanded its selection of course offerings. A few of the classes available included: Shakespeare, Fantasy, Creative Writing, and British Short Stories. A class in Research Paper is a graduation requirement, as is a course in American Literature.

With its desire to offer variety in the curriculum, and with its desire to maintain the standard of excellence, SMHS continues to thrive academically.

The best place to go for your college information is to the Career Center.

Students Started Looking Toward Their Future Schools

"College Applications." This phrase is ambiguous nd means different things to different students. For ome students, it means "hassel". Getting recommendaions from teachers and personal friends and filling out pplications is a real headache. The good thing about pplications is that they can bring you new and exciting xperiences.

Visiting your future college can be a valuable and ineresting experience. You are able to look at the campus nd possibly look into some of the classes. You get a irst hand look at "dorm" life and sororities and fraernities.

After you pick where you are going to live, you must gather up the things you are going to take with you to college. Sheets, small appliances, stuffed animals, and all the rest of your "junk" are carted off to a once-in-a-lifetime adventure.

Chosing the right college is important. The Career Center aids students in this chore. This center is full of information on college costs, financial aid to meet the climbing cost of college housing, the academic curriculum, location of schools, number of students, teacher credentials and qualifications, and many other aspects of colleges.

Spend, Spend, Spend, Spend, Spend,

Have you ever realized how much money you spend each school year? Senior Calendars, student directories, Pep buttons, overdue library book fines, ASB cards, yearbooks—all of these items add up to a lot of money. School supplies, such as notebooks, paper, pens, pencils, and other things, can put a hole in your pocket.

Inflation makes a difference, also. Last year's student directory cost a mere fifty cents. This year it went up to seventy-five cents. Paper and printing costs have sky-rocketed, thus elevating the price of the final product.

Each year, upon returning to school, one can notice the difference in cafeteria prices. The only bad thing is that the prices always go up, never down. The prices in the vending machines have proceeded to climb upward, and that's only if you can get the machine to work.

Seniors Munched Out

The last five minutes of fourth period were useless. Seniors sat wishing that their stomachs would stop growling until the bell finally rang. What a relief! However, they had parked at the top of the hill because they had been late for school. Once out on Huntington Drive, the question always arose of where to eat. There was always Tony's, if they didn't mind fighting the crowds of freshmen. Often frequented were Pup 'n Taco, Clearman's Village, In 'n Out, and as indicated by the Senior Polls, many just ran home and ate a quick sandwich.

Seniors Had to Wade Through SAT's and Achievement Tests

What was always in the back of their minds during the beginning of their senior year? There always seemed to be a test to register for, or worst of all, to take. Why was there always an excused absence for seniors attending the football games before the test dates? Those who weren't resting up were cramming or praying for some last minute enlightment. Senior Women Ran Wild All Year

To describe the senior women would be a near impossible task. According to Senior Bill Barney, "Senior girls are social, unsocial, good-looking, bad-looking, Peppies, east-parking-lot people, BWOC's. What else is there?" When asked his opinion, Mr. David Brown, assistant principal, called them, "Vibrant and exciting," but Cindy Lawlor said, "You don't see them around much this year." When asked his opinion of the senior women, Cas Stimson remarked, "They're terribly unpredictable, but that makes them all the more challenging."

Senior Men Reached for the Stars

They finally reached the top. The class of '77's men are ones to remember. When interviewed by the "Eye-witness News Team," the students at SMHS thought this year's senior men were as follows ... "They're hard to get to know, but once you do, they're lots of fun!" One senior woman, who will remain anonymous, referred to them as, "into themselves and cliquy." To that Senior Jim Gott said, "The girls are just the same as us guys." Others referred to the senior men as, "deprived, pretty cool, bizarre, beautiful," and as Glenn Grant summed it up "Luscious." What can be said about such a variety of men, except that they finally became the B.M.O.C. (big men on campus) they always wanted to be. The News Team had a week-long tribute to the Senior men early in the year. The private lives of these boys proved to be interesting. The ratings were extremely high. I wonder why?

Seniors Came Back With the Production of Pajama Game

Everyone wondered whether or not there would be a senior musical this year after last year's cancellation. Would there be enough male voices? What could the dancers do? These questions and many others necessitated the holding of preliminary auditions as early as October and dance tryouts in December. After discovering what they had to work with, drama teacher Paul Clopper and music instructor Betty Morrison could arrive at their decision. The Senior Musical for 1977 was to be Pajama Game, the story of the romance between the leader of a wage strike and the superintendent of a pajama factory, with such great songs as "I'm Not at All in Love," "Hernando's Hideaway," "Steam Heat," "Hey There," and "I'll Never be Jealous Again." The musical was sponsored by the senior class, but the parts were open to the whole student body. 'General Hospital'

Senioritis, the Cause for All Those Cuts

Senioritis. What can be the cause of this terminal disease which plagued the majority of the senior class? According to Dr. Steve Hardy, a well-known staff member at General Hospital, the symptoms are as follows: heavy head, too heavy to hold up during long lectures, a burning desire to leave class twenty minutes early, acute slumping down in desks, lack of interest and concern, and reverting back to their freshman-like habits of acting squirrely, always out of control and lacking self-discipline. Instead of being called "typical freshmen," they are now known as "typical seniors"! Rarely is a victim of this dreaded disease seen with books, or shoes. They are even known to take a week off to sun bathe at the beach or hit the slopes. Some seniors claim to have experienced these symptoms as juniors or even as underclassmen, but not until their senior year has the problem become really serious. The only solution that has proven to be effective is a balanced breakfast and five hours of homework each night!

Reflect the Past, and Project the Future

God asks no man whether he will accept life; that is not the choice. You must take it. The only choice is how.

—Henry Ward Beecher

Soon we will leave San Marino, go out into the world and the life that lies before us. This life will be full of decisions: which road will be the one we choose? What will we eventually do? In the near future many of us will be at college: some close, some very far away. There will be memories and reminiscences of the last four years: up at 2 a.m. on Rivalry Day, the streakers, Nixon's resignation, getting our braces off, open-campus, Yosemite, class parties, football games, powder puff, snowball fights, and graduation. This represents one of the most influential periods of our life-times, but merely one episode of many. We are saying good-bye, but we are also saying, "hello."

CAROL THOMPSON ... Very little is needed to make a happy life. It is all within yourself, in your way of thinking.

TOM TOLLES ... Do not ur others as you would want th to do unto you; their tastes may different.

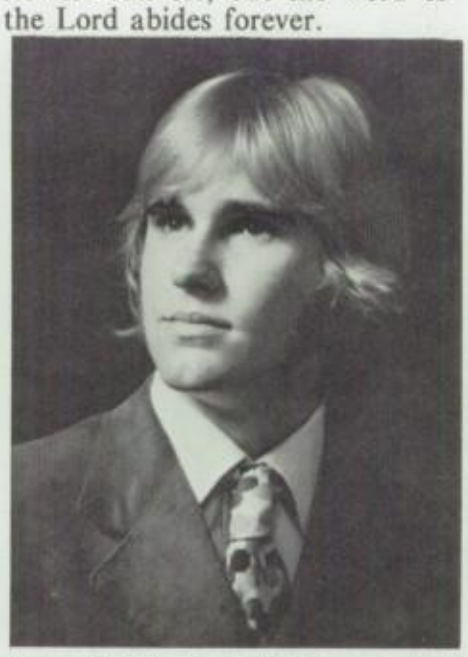
ANGELA TRIPOLI ... Anima rising uprising in me tonight.

JEFF VAN SCHAICK ... Flesh is like grass. It's glory like the flower. Grass withers; flowers fall off, but the word of the Lord abides forever.

KAREN VANSTRUM ... What I am is God's gift to me. What I make of myself is my gift to God.

CARMEN WALKER ... disapprove of what you sa but I will defend to the dea your right to say it.

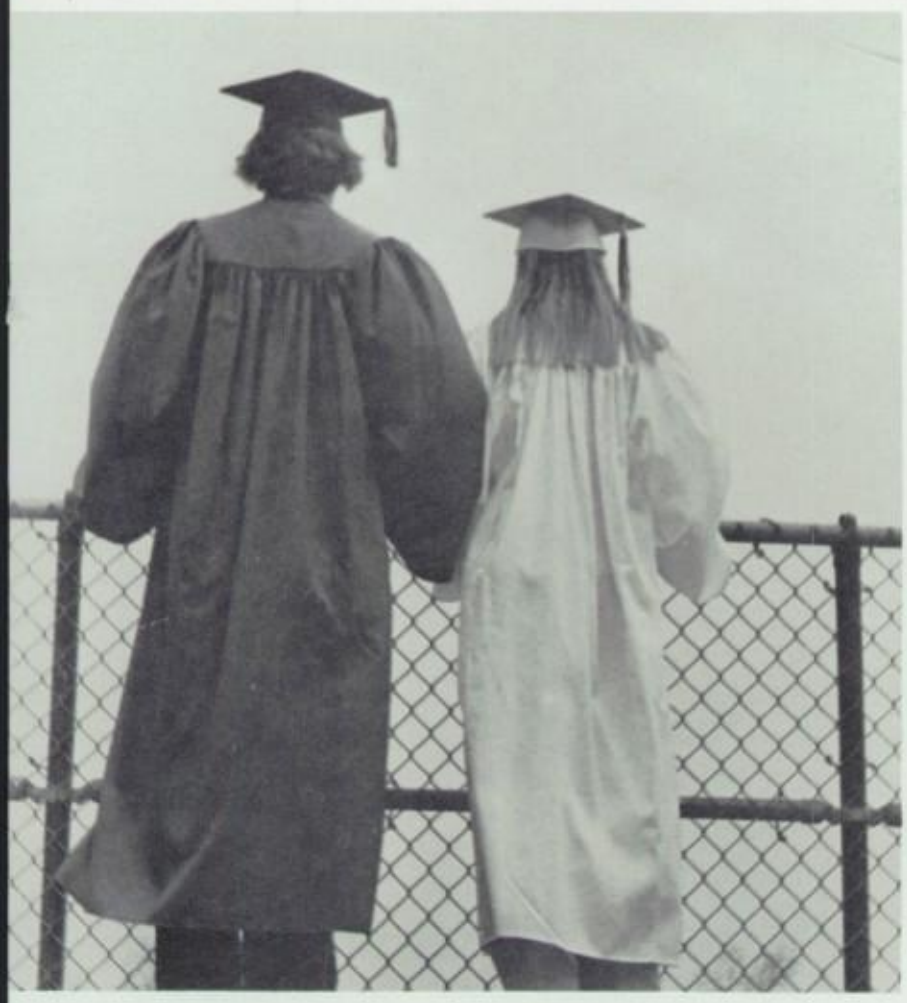
TOM WALLS ... He who cannot forgive others destroys the bridge over which he, himself, must pass.



CHARLIE WARREN ... It's all over now; there's nothing left to live for.

LORRIE WARREN ... Climb high, climb far, your goal the sky, your aim the star.

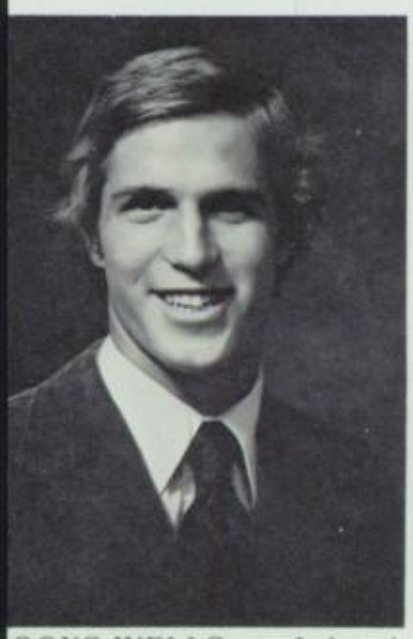
CINDY WEAVER ... Ke your face always toward t sunshine, and the shadows w fall behind you.



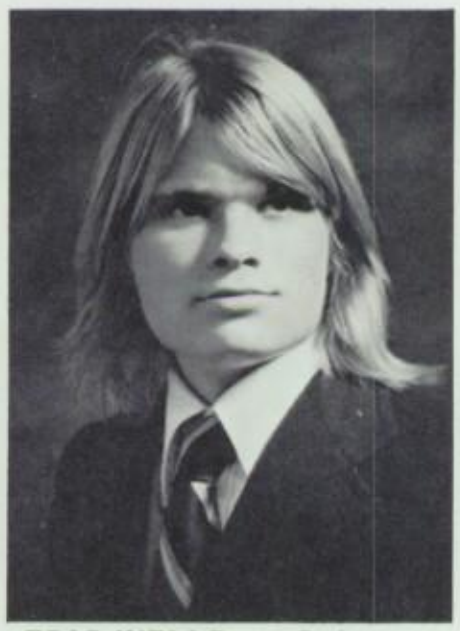
"We do not remember days; we remember moments." The last four years have been filled with so many moments of happiness, sorrow, and love. We look out on the world as we leave San Marino, but enter a brand new life. Graduation is called commencement—a beginning.

GRETCHEN WEBER ... Laughter is the greatest necessity in life; ... Er something.

SHERYL WEINSTEIN ... As you drift down life's road, have confidence; aim at the stars; be persistance in goals, and try to be the best you can.



OOKS WELLS ... It is only h the heart that one can see htly; what is essential is invile to the eye.



ERIC WELLS ... Duit on mon dei!

'It Takes All Kinds'

Senior Polls Reveal Who's the Most . . .

Midway through the Senior Class Dance, the Senior Polls were announced to an ecstatic audience. Everyone yelled out choices for various categories, while Senior Class President John Hunter got things underway. Besides those pictured on these pages, the choices of the class were: favorite class, psychology; favorite group, Eagles; and the favorite excuse was, "I had a mild buzz."

There were three awards for which the recipients failed to show. These were: Erin Anderson and Jim Hori, funniest laugh; Guy Gadbois and Beth Dampier, cutest smile; Jim Gott and Alba Marchosky, most rowdy.

Besides a few spilled drinks and occasionally peppery chili, the Junior concession stand proved to be a success as stated by Lisa Bell. The Junior Class improved the stand by having checked vests made for guys and aprons for the girls. They served snacks during the football games, track season and the hungry spectators of the Saints game!

Student Directory

Theme Was Original

This year the Student Directory's original theme of the old-fashioned telephone helped make this book fun to look at besides useful. More pictures were added to make it more interesting and show student life at its best. According to Tricia MacLaren, calss treasurer, and Meg Coleman, vice-president, the production went along smoothly and was a good experience for everybody involved. The Cabinet would like to give a big "thanks" to junior students and parents who helped by getting ads and typing from June through the beginning of the school year.

The Junior-Senior Prom

Classes Intertwined

The 1977 Prom was a success as usual, according to Lisa Bell, social chairman. Everyone involved worked hard and made it a special night for all.

The freshman child is oh so shy,
As she silently longs for the sophomore guy.
The sophomore guy's head's in a whirl,
As he longingly stares at the junior girl.
The junior girl in dashing sedan,
Boldly chases the senior man.
The senior man so handsome and wild,
Secretly loves the freshman child.

Sophomore Float

Sophs Won 2nd

Building the sophomore float this past year was no easy project. Matt Arnett began this task by designing the float as a football helmet perched on the hood of a Datsun pickup with a tombstone inside of the helmet that said, "Rest in Peace Rosemead Panthers." A big paper mache victory sign extended off the back of the truck. Next in line was determining at whose house this masterpiece was to be constructed. The lucky winner was the Mulfingers' home. It was with the organization of Jane Mulfinger that the sophomores were able to finish the major parts of their float Wednesday night. Plenty of "munchies" were provided by the sophomore mothers.

Driver's Licenses

Freedom Permits

Getting a learner's permit and then a license is a unique experience in everyone's life. After taking a driver's ed. class, behind the wheel was next in line. For those who had never driven, this event was a little scary besides a fun, learning experience.

Next the license . . . the beach on weekends and no more walking to school. There are many sophomores still waiting for their sixteenth birthday, but the fulfillment of their dreams is still to come.

Rivalry Day

Sophs Triumphed

At 10 p.m., Saturday, January 8, 1977, a sigh of relief could be heard in the girls' gym, for the sophomores had won Rivalry Day! Friday's events were cancelled due to rain, but Saturday the sun rose to clear skies and Rivalry Day was on! There were prime conditions for tug-of-war which went into a tie-breaker, with the sophs getting the points. The sophomores also won soccer, volleyball, softball, banner hunt, sack races, the 20-man relay and the girls' pie-eating. After a short break, everyone came back for a pot-luck dinner. Sophomores Jennifer Hicklin and Jim Baldwin danced their way to victory in the dance contest. The climax of the long weekend was the traditional cheer, BEAT '81!

Goals'

Sophs Made Plans

In their second high school year sophomores began thinking about their futures and goals.

What should I reach for, the stars?
They are higher than the tallest tree.
Should I set my goals high?
Then I would always have something to work for.
Should I set my goals low?
And never be disappointed?
Should I have goals at all?
Just strive to do my best.

The stars are awfully high.
I thought work was endless.
Life is full of disappointments—
we must face them.
The best is hard to achieve.

What should I do?
Any free suggestion?
I guess nothing is free.
I guess I will reach for the stars;
they are high,
but gratifying.

Freshman Float

Frosh Jazzed It Up

The Freshmen Class float brought back the jazz era. Straw hats, pin-striped jackets, and big bow ties characterized freshmen on Homecoming Day. Their float consisted of a stage with a talented freshman jazz band. The float was built at Class President Mark Cowen's home. Work on the float started two weeks before Homecoming and was finished early Thursday night because of the large turnout. A few problems were experienced during the building which encouraged about one hundred and fifty freshman to spend Thursday night at Mark's house guarding the float. Mark Cowen said that at least 2,000 eggs hit his house Homecoming Week. His neighbors were quite disturbed by the racket. The effort put into it helped the float win "Best Use of Makeup."

The freshman jazz band goes to town.

Ninth graders this year proved to have a lot of pep and energy as demonstrated on Rivalry Day. At SMHS there is more time for socializing at lunch. Although there were many advantages to being in high school, freshmen soon found out that there was a lot of hard work to it, too. There was much more homework, and sports competition was tougher. From going from the "kings" of Huntington to the "squirrelly" freshmen, they seem to have adjusted to their new lives. "Almost everyone in this year's ninth grade managed to get involved in class activities," said Mark Cowen, class president. "We're really peppy and hope to be one of the most enthusiastic classes ever," stated Mark in a recent TITANIAN interview.

Rivalry Day

'80 Shined Bright

"Tension, spirit, and scars describes Rivalry Day," stated Mark Cowen, Frosh President. The freshmen dressed in white and yellow with painters' caps, showed a lot of spirit, especially when 200 freshmen met at Kathy Gillaspie's house at 5:45 a.m. on Friday, and then they proceeded to school where they lined up single-file in front of the school. The typical soph "futbol" player skit helped to make the frosh victorious on Friday. Soccer, which proved to be almost as dangerous, was substituted instead of gritscumb. Tension had mounted during the day, but the dinner and dance once again brought the frosh and sophs together.

Principal

Jack Rankin Is the B.M.O.C.

In Dr. Jack Rankin's fifth year as principal, he noticed students have more positive attitudes than in past years. He said that students are more concerned about what directly affects them and the community, and less interested in world affairs.

The parent dialogues were helpful to both parents and administrators in solving problems and just getting to know each other better. This year the new "Awareness Day" gave students and faculty a good chance to learn more about each other.

Dr. Rankin enjoys working with everyone in the community, but wishes he had more time to spend with students.

Assistant-Principals

V.P.'s Aided All

Dr. Carol Lambert, assistant principal of instruction and pupil personnel, works with counselors and teachers in evaluating and improving instruction and services, she was the instigator of the new San Marino High School Handbook that covered both school and college information. Dr. Lambert would like to be remembered as a friend by graduating SMHS students.

Mr. David Brown is assistant principal in charge of student activities. He makes sure that all school events run smoothly. Mr. Brown says that the most memorable thing for him at SMHS is, "Every individual sharing a relationship which has resulted in a deeper awareness, appreciation, and understanding for both of us."

Counselors

Guidance Helped: College Choices

Whenever help is needed in arranging schedules and choosing colleges, the counselors are always there to work out problems. Every student has his own individual conflicts to be resolved. Each of these problems must be approached in a different way.

The counselors are more than problem-solvers though. They not only work by scheduled appointments, but are also available to students whenever necessary. They sometimes visit homerooms to present important information to all grade levels. The counselors make every effort to help students if it is only to listen to problems or to help in educational development.

Linda Dial, Career Center

Bettie Aniero, Bookkeeper

There are nine secretaries at S.M.H.S., and they all do a very important job in keeping the Career Center, library, and several offices, especially the main office, running efficiently. The main office is very important. It is the center of action at S.M.H.S. All students and teachers are privileged to have Mrs. Margaret Gaffney as the main office secretary. It was unknown to many students that there have been two new secretaries at S.M.H.S. during the 76-77 year. These two are Mrs. Alma Parmen, an instructional aide in the Resource Center, and Miss Bettie Aniero, who worked as a bookkeeper in the A.P.O.

What Would SMHS Do Without Them?

to Right: Woody Evans, Vince Guarino, Fred Hernandez, Carlos Valenzuela, Tony is, Julian Garcia, Chester Metoya

Have you ever noticed how great the football field looks at Friday night games? Or how yummy those peanut butter chews taste? It is all of these special things and many more that the CUSTODIANS and KITCHEN LADIES do for the students at S.M.H.S. Every time your locker decides not to open or the plaster falls in on your chemistry class, a custodian will be there to get the problems cleared up. When your stomach gets to growling, all that you have to do is make a beeline for the cafeteria, where there are many good things to eat.

'How . . . Remembered?' or 'Memorable Moment?'

The TITANIAN Staff asked S.M.H.S. teachers their feelings and impressions and discovered personalities that are usually hidden from students in everyday school experiences. The teachers were asked two questions: "How would you like the seniors to remember you?" and "What is the most memorable thing that has happened to you since you have been teaching at S.M.H.S.?" These questions brought forth interesting responses concerning experiences, former students, awards, philosophies, and the preparation of students for their lives ahead. These replies only go to show that teachers are human, too.

Council 'Most Active'

The '76-'77 Student Council was very productive this year. Some of their activities included the First Marathon Dance ever held at S.M.H.S. and the annual auction. A very successful after-football-game dance featuring The Last of The L.A. Garage Bands was held earlier in the year, according to Activities Commissioner Bill Barney. Mike Williams, ASB Treasurer, reported that due to the large sale of ASB cards, Student Council was able to sponsor a free after-basketball-game dance. Under the leadership of Timm Crull, ASB President, the enthusiastic Student Council provided several outstanding assemblies such as Chrysallis, The Carnation Assembly, and The Morningside Talent Revue.

Unlike the Latin language, the JCL Club is alive and kicking. This was seen through all of their activities. To begin with, the officers went to the National Convention in Rochester, New York. Later in the year anybody who wanted to went to Santa Cruz for the State Convention. To raise money for the officers trip to Rochester JCL had a Latin banquet and also sold Ghiradelli Chocolate bars. The math club was created to stimulate interest in mathematics. The club started off the year by going on a field trip to Cal Tec for a math convention. Later on during the year, the math club went to Occidental College. There the math club competed in mathematical games at the Occidental Mathematics Field Day. The math club also held a fund-raising project that used mathematical equipment and which was a creative project at the same time. The club organized and operated a computer dating system.

Art Club Sold X-mas Trimmings

In the Art Club the members use their artistic talent to serve different organizations. It also supports fellow artists with art scholarships. This year the Art Club sold Christmas ornaments made of dough for a fund-raiser. They also made giant Christmas Cards to decorate the Children's Hospital Ward. The Art Club helped other clubs with their art work, and signs. The Art Center Scholarship was held by Kim Kenney, and most of the funds for the scholarship were raised at a car wash and a bake sale near the beginning of the year. The Art Club members used their artistic talent to raise money and also serve other organizations. The Art Club helped out other groups by helping them with signs and posters. The National Forensic League Spoke Out for San Marino High School

The National Forensic League is an honorary club for public speakers. One must earn his membership by competing in tournaments for points. When one has twenty-five points, he can join. The students competed in thirteen different tournaments this year. San Marino competed in the areas of debate, original oratory, expository speaking, humorous interpretations, dramatic interpretations, impromptu, and extemporaneous speaking. Just like other forms of competition. There are three levels in which to compete. There are the divisions of novice, j.v. and varsity. This year, N.F.L. has an outstanding group of novice debators. Three teams won first place trophies debating in a tournament for San Marino High School. Mr. King Stuart, the advisor, was very pleased with all the speakers this year. Along with the old members, there were many new speakers who competed. Mr. Stuart had anticipated a very successful year, which he received.

The SMHS vocal groups, including Choralaires, Chansonettes, Mixed Chorus and the new Barber Shoppe Quartet, hosted a music festival. There were ten schools from all over Southern California. Mrs. Morrison commented, "The student body as a whole has gained more respect for the Music Department, which gives the group more confidence. This respect was seen in the turnout for the musical tryouts."

Thespians Lifted Curtain With 'Anne Frank'

It is more than just the glamour of lights, camera, and action for the Thespians of S.M.H.S. The Thespians is an honorary club for those who are involved in the theater. The club started off the year with the plays, "The Diary of Anne Frank" and "Wait Until Dark." Not all Thespians are actors. Many members put their part in backstage. Working backstage includes the areas of programs, make-up, props, and refreshments. These people did their work well and efficiently. During the middle of the year, the Thespians put on the Frosh-Soph One-Acts and a winter comedy. S.M.H.S. is known for its drama department. The Aquarius club was new on campus this year. The club combines creativity with politics, though it is not a political club. The Aquarius Club was eager to involve everyone. As the leaders of the club said, "This club is for the entire student body-seniors as well as freshmen." The idea behind the club is to let the people express themselves creatively using the subject of politics. The club printed a paper during the year which consisted of political essays, students essays, editorials, and poems and stories, also.

"Just imagine! It's strange to be introduced to an entirely new life-style, facing the realization that I had left my family and friends who made up my Australia." This was Narelle Frazier's comment about becoming an AFS student. When asked, "How will you remember San Marino?" she announced, "Through the accumulation of experiences revolving around my new family, school mates and teachers, and the adults of the community." Finally, she said, "I can't express how thoroughly I've enjoyed the stay at SM."

When Andres Makek, the AFS student from Argentina, was asked about his family, the Hildeburns, he replied, "To talk about my family I'd probably need quite a bit of time. I can only say that I love my whole family." As the subject of high school came up, he said, "SMHS is really a good school, and the people here are friendly." When Andres was asked about the AFS program, he decided, "I think that all people in the world should go to other countries on scholarships, so they can see the people are good all over the world and not only in our own country, as we sometimes tend to think."

A Very Successful Season for the Titans

The 1976 SMHS Varsity Football season must be considered a very successful one. The Titans compiled an 8-3 season record and finished tied for second place in the very tough Rio Hondo League. The Titans started off very impressively with a 37-12 pasting of traditional opening-game rival Arcadia. As in the past, this game served as a barometer for the season. A dramatic last-minute 21-14 win over Warren earned the Titans a chanc to play the number-two-rated Crescenta Valley Falcons In a game very similar to South Pas the Titans playe outstanding defensive football, but finally succumbe in the last quarter 14-6. The Titans knew that in orde to reach the playoffs, they would have to answer th challenge with hard work. That challenge was met.

Team Had Unity

Once again, this year, the SMHS Varsity Water Polo Team advanced to C.I.F. The team earned an 11-1 record under the supervision of Coach Scott MacFarland. Jim Simpson brought fans from all over to watch his amazing ability to score, as he was the leading scorer. The other star scorer was Matt Wood who scored quite a few points. Mark Miller, the outstanding goalie, was an extreme help to the team, according to Coach MacFarland. The players could not have done such a great job without team unity.

Team Was Undefeated

Victories kept rolling in. By the end of the season, the '76 SMHS J.V. Waterpolo Team was undefeated. "The highlights of our season were our two 1-point victories over La Canada," reflected Coach Joe Goeken. The team won the first game 6-5 with David Speiser's goal fired in at the buzzer. The second game was won in sudden-death overtime when Scott Heitzenrader scored on a breakaway. Junior David Speiser, "was our leading scorer," said Coach Goeken. Frosh-Soph Waterpolo

Team Did Well

According to Coach Burt Kanner, the 1976 team had a perfect 10-0 record in league games, and a 16-3 record for the season. Some team members were Jeff Stroud, named the Most Valuable Player; Reid Francis, the Most Improved Player; Chris Whiting, the Most Outstanding Freshman; and Glenn Grant, the captain of the team. Spectators and the team members will always remember the two overtime games played against La Canada. The second game was a double "sudden death," but the frosh-soph defeated the Spartans with a close score of 7-6. Coach Kanner commented that this team was "an excellent ball club" and they "should continue to win league championships on the varsity level."

Varsity Took 2nd

The 1976 SMHS Varsity Cross Country Team finished second in the Rio Hondo League and then went on to CIF. The two top runners were Senior Dave Jones and Junior Tony Martin. David Jones said, "As material gain (winning medals) goes, we didn't reach our goals, but I feel that we got a lot of running knowledge out of the season." The co-captains of the team were Walter Cambell, Most Inspirational, and John Barna, who proved to be a natural leader. Coach Phil Ryan said, "I have great respect for this team for having tried consistently to meet the standards expected of them."

Coach Holds High Hopes

The '76 SMHS Frosh-Soph Boys' Cross Country team was, as Coach Phil Ryan put it, "the greatest frosh-soph team in the history of SMHS." The freshmen finished 2nd in the Mt. S.A.C. Sweepstakes, as did the sophomores. Coach Ryan also commented about some of his prospective varsity runners: Mike O'Brien: "Superior attitude; extremely competitive." Tim Long: "A dependable leader; tries to his utmost." Steve Smiley: "Will be one of the greatest runners this school has known." Steve Marsh: "One of the great surprises this year; a little guy with a big heart." Ron Burkey: "Has had a very consistent year; a dependable runner." "Our young runners were inspirational in every way."

Girls Won League in Their Second Year

This year eleven girls ran faithfully early every morning. They made up the 1976 girls' cross country team. According to Mr. Phil Ryan, their coach, the girls ran really well as demonstrated by their title of League Champions. 1976 was the team's second year, so winning the championship was quite an accomplishment. Team member Laurel Spector feels that running daily is such excellent exercise that even after the season was over she kept up her running. When Mr. Ryan brags about his "girls," he has obvious reason as anyone can see by the great dedication and superb running ability of the Girls' Cross Country of 1976 at San Marino High School.

Team Covered the Court

Why did the '76 SMHS Girls' Varsity Volleyball Team get into C.I.F. playoffs? "They were tough," said Coach Barbara Kirk. "The whole team was outstanding; not any one person stood out. The team felt this way also, for they voted for the Most Valuable Player Award to go to the whole team." Carolyn Paine was named Most Improved Player. Kelly Egan and Joyce Johnson were voted by Rio Hondo League coaches to the 1st All-League Team, and Robin McDonald to the 2nd All-League Team. Martha Becker received Honorable Mention. In summary, Coach Kirk felt the players were, "excellent. They all gave 110%."

Girls' J.V. Volleyball

Team Worked Hard

"Excellent team work, powerful serving, outstanding set-ups and a good attitude," summed up J.V. Volleyball's strengths for the 1976 season, according to Coach Barbara Kirk. The team started out losing three matches the first round. They came back strong, winning six of their last seven matches, finishing in a three-way tie with South Pas and Temple City for second place. If a few individuals stood out on the team, Mrs. Kirk felt they were Joan McGoldrick Connie Yale, Joanne Harding, Sheri Pfeiffer, and Shelly Ascher.

Team Eagled

Coach Jack Bradford hoped the team would represent league in C.I.F. for the third consecutive year, however he claimed it would be a tough fight against La Canada. Yet he felt his team had more experience than La Canada did. Last year, Howdy Doan was third in C.I.F., and Trevor Jones was the winner of Rio Hondo League. The top players this year were extremely knowledgeable on the rules, worked well together and were self-motivated, commented Bradford. Steve Hoyt was a very competitive, straight and consistent hitter. Four strong candidates for Varsity were Bill Leydorf, Mark Jones, David Sanger, and John Schmid.

The Varsity Basketball Team upset all predictions to place 3rd in the league and ended the season as Rio Hondo League Champions. "This was our main achievement," said Coach Dan Mooney. With only two returning varsity players, Chris Houge and Dave Bayle, the team was not as experienced as other competitors. The newer players, however, proved to have the talent needed for a winning team. Mark Talt, followed by Chris Houge, was the leading scorer and rebounder. Dave Bayle came on very strong later in the season. "He is a very strong 2nd half player," said Coach Mooney. Two juniors started as guards: Bill Wheeler, 1st in assists, and Miles Shanks, the 3rd leading scorer on the team. With the probable return of these starting juniors and three other juniors, Bill Garrett, Dwight Deines, and Dan Skaff, Coach Mooney says that next year's team has "a lot of promise."

The J.V. team beat the Tigers by 33 points, with the Tigers scoring only 25 points. Playing this way for the rest of the season led the Titans to a first place in the Rio Hondo League.

Boys' Varsity Swimming

Best Team in History

Swimming Coach Burt Kanner said, "This may be the best team in San Marino's history." James Fowler, according to Coach Kanner, may be one of the outstanding swimmers in the United States. Captain Mike Harrison, Dennis Scannell, and J.P.Congleton are All American Swimmers, and Gary Nevill and Carter Grant are sprinters.

All of these helped the team. Early in the season the coach predicted that the team would win everything that they entered. "The team had dedication, and was very talented."

Some of the outstanding players were Matt Wood with the butterfly, Reid Francis with the breaststroke, and Brad Davis with the backstroke. There was also Eric Coombs, Mark Miller, Glen Grant, Bruce Elleman, and Doug DeWitt, who did exceptionally well. According to Coach Burt Kanner, earlier in the season he predicted that the team would place high in C.I.F.

Varsity Baseball

Titans in Blue

The Titan Varsity Baseball Team launched its season on a very successful note. Coach McNamee felt this year's team had a chance of being one of the better teams in the school's history. It displayed the necessary characteristics such as power, experience, pitching, and depth. While the team had many fine players it was led by three outstanding players. Jim Gott, senior outfielder and pitcher, was probably the best physical talent to play baseball for S.M. The big righthander throws very hard, but strikes fear into the hearts of opponents with his famous "Gott Shots." Everyone holds their breath when Jim comes to the plate. Mike Williams, senior shortstop, was one of the most polished and knowledgeable players to wear the Titan Blue. Hitting over .400 and making ALL-C.I.F. as a junior was a great achievement. Finally, Chris Houge, one of the most versatile athletes in San Marino history, led a powerful pitching staff. Others who contributed to the success of the Titans were Greg Forgatch, Rick Skaff, Scott Rose, and Eric VonBatsch, who were sensational.

Boys' Frosh Baseball

League: Tough

With the Rio Hondo League as tough as ever, Coach Loren Kleinrock found many strong points in his freshmen baseball team. Some were, "a willingness to work, and being able to relate well to one another." Those who lived up to these good points were, Mark Linderman at catcher, Dan Slaught at short stop and Tom Polich as pitcher. Also giving the team extra help was Ted Polich and Ty Broadhead. Again this freshmen team was predicted to face their hardest competition against Temple City, but Coach Kleinrock predicted, "There would not be any easy ones."

Scott Rebstock, David Dudley, Neil Spector, John Erickson, Peter Millsap, José Perez, Jeff Johnson, and Chris Markey. In league competition, again it was rival South Pasadena and La Canada. Coach Haltom predicted early in the season that, "This will be the best tennis team in SMHS history."

Also early in the season, Coach Frank Halton predicted that the team would have a victorious season. Clemen Kwee, John Zimmerman, and Steve Warren were important members of this year's team.

Varsity Track

Success Foretold

Giving an early prediction for the '77 track season, Coach Maloney had confidence, "We can win it all if we want it bad enough." Coach Ryan agreed, "We fought hard to stay on the top relying on a few individuals." La Canada and Duarte proved to be the schools with the most challenging teams. Some of the most outstanding players and their events were: Jim Manasen: pole vault; Mark Rosenthal: long jump and triple jump; Tom Bea, Dan Bonner: low and high hurdles; Eric Robison: shot put; Mark Rosenthal, Jim Bellas, Chip Diggins: sprint; Tony Martin, David Jones: distance; Steve Silk: middle distance. One of the team's good points was the ability to work well together which was reflected in the overall success of the team. Because of the returning lettermen along with the strength and depth of SM's young athletes, San Marino's future in track and field looks bright.

Excellence Shown

The J.V. track team is a combination of juniors and seniors who either have not yet reached varsity caliber or, varsity talent moved down to insure a J.V. victory. Frosh-Soph athletes are also moved up to the J.V. team for similar reasons. Because of the great number of participants and the dedicated involvement of the athletes at SMHS has continued to field a strong J.V. team with many performances deserving varsity recognition. "Track is an excellent sport for the individual athlete because of the variety of events which include the basic olympic contests in running, jumping, and throwing," said Coach Phil Ryan.

Boys' Frosh-Soph Track

Members Set Goals

This year there was exceptional talent on the frosh-soph track team. Several of the frosh-soph's competed on the varsity level. One sophomore, Charlie Martin, stood out by joining the prestigious All-Time list in both the one-and two-mile. Because of the large number of athletes on the frosh-soph team, every event was well-covered. "Each member of the team is given the chance to pick an event, and from there he has the rest of his high school career to set goals for himself and reach his best potential in this event," according to Coach Phil Ryan. It is the frosh-soph team that will be the basis for the future success of track and field events at San Marino High School.

The SMHS Girls' Track Team got off to its second season as one of the newest additions to the athletic teams. With La Canada and Temple City proving to be the most challenging opponents, Coach Maureen Bryant predicts a fifty-fifty chance as to the success of the team. "Good leaders leading the way to a victorious year was one of the team's good points." Many girls proved to be successful distance runners. Laurel Spector, Kathy Mykytiuk, and newcomer Diane Brink had good times in distance running. Cindy Roberts and Ginny Thompson were outstanding middle distance runners. Diane Buchanan, Stephanie Haskett, Kerry Kostlan, Allison Long, and Diana Milkie showed good potential as sprinters. Kelly Robinson was one of the more prosperous hurdlers along with Joyce Johnson in the event of shot put.

Netmen Met Goals

The success of the 1977 volleyball teams depended upon individual improvement in defensive quickness and overall spiking ability. Six Varsity lettermen returned to give the Titans the nucleus to acheive these goals and produce a fine team. Three returnees are spikers. They are, Greg Houge, Andy Rutz and Dwight Deibes. The other three are setters: Bill Wheeler, Dave Yocum and Steve Seminario. The J.V. team was built around Jeff Fraser, Bob Helm, Doug Carter, Tom Foran, Tim Dougherty and Don Wofford. The Titans again battled power house South Pasadena but under 2nd-year Coach Scott Cameron; with the players' enthusiasim for the game and intense competition, the outlook for the varsity early in the season looked good.

'Days of Our Lives'

Some Were Aware

"AWARENESS DAY" was a day that brought everyone a little closer together. The day started with an assembly. Dr. Paul Little, head of the Theater Arts Department at the University of Redlands, was the speaker. This was then followed by discussion groups, a barbequed lunch that was cooked and served by the faculty and a band, Wetstone. A softball game then lead up to the traditional pep rally involving the old and new pep. As the day proceeded, all the participants did become closer and a little more aware of life, yet all were filled with the spirit and tradition of Homecoming in the true sense.

1. The eager onlookers of the 1976 "Awareness Day" pep rally. 2. Martha Arterberry and Carrie Shelton- Who's over there? 3. Mike Williams and Richard Page are caught inspecting their lunch, served by Mr. Jack Rankin and Mr. David Brown. 4. Beth Hughes, Tracy Robinson, and Brooke Smith- Oh, Look what they're doing!

Added to the spirits and festivities of the 1976 Homecoming this year was something new, "Awareness Day." High spirits were maintained throughout the day. At 3:15 p.m. the band began to play and the 1976 Homecoming parade was on its way. Such floats could be seen as the French, Latin, and German Clubs along with Omegas, Amicians, Ski Club, and the traditional class floats. As the parade proceeded, Drill Team was marching as Congressman John Rousselot, Mayor Maurice Jones and Principal Jack Rankin followed in chauffeur-driven convertibles. And last but not least the 1976 Homecoming Queen, Tyrena Montes and her court, Barb Brooks and Peggy Harder. The parade proceeded along its route and the spirit and excitement mounted in eager anticipation of the nights big game against Rosemead High School.

Campaign '76'

And the Race Was on . . .

November 2, 1976, was election day, the day the voting populous of the United States voted on who would be the next President of the United States. The candidates running for this office were President Gerald R. Ford, Jimmy Carter, Roger MacBride, and Eugene McCarthy. In national polls Jimmy Carter came out ahead with President Ford second, as MacBride, and McCarthy became lost in the shuffle. Yet, the senior class polls showed quite a different result, Carter losing to Ford 22 to 112; McCarthy, 2; MacBride, 2; and others, 15.

men 105-130, in Rivalry Day Contest

3

Eight o'clock Friday, January 7th, marked the beginning of an event that the freshman and sophomore classes had been anticipating for months. Rivalry Day is a combination of competitive events between the freshmen and sophomore classes that is designed to bring the two classes together.

Rivalry Day started off with an assembly and the crowning of the court, the wearing of class colors, and the competitive spirit all day long. The sports events, however, were held on Saturday.

Saturday started off with the banner hunt and the grease pole. The frosh upset the sophs when they managed to reach the flag, something that the sophs haven't mastered yet.

Tug-of-War was a new event this year and turned out to be a fun addition for all. The rain from the night before made a giant mud puddle at the end of the field which made it very uncomfortable for the losers!

Soccer replaced gritscum and turned out to be better suited for the rivalry. This game took more concentration on being agile, so there was no time to fight.

The rest of the events were relays, baseball, volleyball, indoor relays, and were summed up with the dance contest. The dinner and dance with the final announcement of the victors really did bring the classes together.

50's Day-Dance Marathon

Money Raised

This year, along with the 50's Day costumes, the Betty, Bud and Fonz look-alike contest, whose winners were Mary Wilson, John Cervanka and Charles Carvallo, was a fund-raising dance marathon. 107 students entered into the event, which included three bands, ping pong, basketball and a surfing flick to keep the dancers moving. Thanks to Mike Williams, who organized the marathon, to the participants—44 of whom danced the complete 24 hours, and to their sponsors, $3,200 was raised.

'That's Entertainment!'

They're on Their Way to Broadway Stages

The plays presented this year ranged from comedies like "Harvey" to dramas like "The Diary of Anne Frank" and suspenses like "Wait Until Dark" to the senior musical "Pajama Game." Through these plays, new actors and actesses were brought out into the SMHS spotlights. The quality of each play was deemed high and extremely successful. All who attended enjoyed the plays.

1. Anne (Beth Dampier) writes in her diary. 2. Elwood (Jon Boggs) waits for a call from Harvey. 3. Susie (Linda Tuerk) tells Gloria (Conchetta Halstead) how to get out. 4. Yearbook

And Now the Directors

Many hours were spent publishing the '76-'77 Titanian. It started in September when we decided on a theme. Next, we had to design the cover, set up deadline dates, and, most important, get to work! The staff had its ups and downs.

The Titanian staff thanks all the contributing photographers for their pictures and patience, the teachers who put up with the impossible shooting schedules, and, most of all Mrs. Wiegert for dedicating her time to a class that none of us will ever forget.
